

## NUTRIENTS DEFICIENCY AND ORGANIC MEASURES

- 1) **\*Gomutra:\*** Gomutra has the power to exterminate pests and act as a plant tonic.  
Pour 250 ml liter of urine per 16 liter of water in a spray pump (in Kaddu class crops, 150 ml liter of cow urine per 16 liter of water)
- 2) **\*Matka Manure:\*** Mixing one Matka Manure in 300 liters of water and giving this solution on the ground near the plant gives good results (1 to 2 Mat per acre) if the same solution is filtered in cotton cloth and give crops. . If you sprinkle, more flowers and fruits are produced.
- 3) **\*Gobar gas squeegee:\*** Fresh manure derived from its plant contains 1.5 to 2 percent nitrogen, dissolving this fertilizer in 20 kg / 200 liters of water and giving this solution on the ground near the plant gives good results. If this solution is filtered with cotton cloth and sprinkled on the crops, then more flowers and fruits are produced.
- 4) **\*Vermi Wash:\*** Cover the earthworm's body and the liquid released from it is called Vermi Wash. Sprinkle 250-500ml liter in a pump (16 liters) of water every 20-25 days.
- 5) **\*Fresh Buttermilk:\*** By spraying 250-500 ml liters in a pump water (16 liters), the growth and development of plants is good.
- 6) **\*Cow's milk:\*** Mix 250-500 ml liters in 16 liters of water. The growth of plants is good due to its spraying.
- 7) **\*Soybean Tonic:\*** Soybean seeds have abundant nutrients like nitrogen, calcium, sulfur etc. This is used in plant tonic manufacturing. Soak 1 kg of soybean seeds in water for 24 hours. After 24 hours, now this puffed soybean seeds are cured by grinding or grinded with the help of mixer. Now add 4 liters of water and 250 grams of gud to this grounded soybean and keep this mixture in the pot for 3-4 days. After that, filter it with a cotton cloth. Mixing the filtered fluid as tonic (plant enhancer) by mixing half a liter in 16 liters of water per pump gives very good results. By giving it on 25-30 liters per acre of land with irrigation water, the growth of the crop is good.
