Subject:- Organic Certificate **NPOP**

Dear Sir,

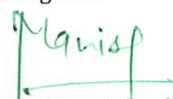

Congratulations! You have been Granted NPOP certification as per attached Certificate & annexure. I am giving below the following requirements, as a condition for continued certification, this included reminders that are important for you to keep in mind for next inspection.

Issue type	Issue	Respond By
OFI	1. NPOP APP-1.8, Operator needs more improvement in weed management.	Next inspection
Requirement	2. Before transaction of any organic material, please ask us for transaction certificate, along with transaction certificate request.	Must apply before 30days from the date of transport
Requirement	3. Submit the annual update and Product reconciliation (Rabi/Kharif/Zaid) yearly along with OSP of coming Rabi, Kharif & Zaid season.	Before 90 days from the date of renewal.
Requirement	4. Update actual yield of product on Tracenet after harvesting of crops of each season (Kharif, Rabi & Zaid).	Within 60 days of Harvesting
Important Note	• Renewal of certification process must start 90 days before the expiry of Certificate. In case organic certificate will not renewed after 30 days of expiry date, otherwise, project will go into IC-1status. • Please keep visiting APEDA website & Tracenet for regular update. • Please inform us in case there is any change in facility. • If you are having multiple certification (like NPOP, NOP, EU, JAS, COR, BioSuisse etc.) and you have surrendered your NPOP certificates then your other certificates will also be considered invalid unless you have taken written consent from OneCert for continuation of other certificates.	

If you have any question about the above requirements, contact us immediately for clarification. Failure to respond within the times indicated could jeopardize the continuation of your Certification.

Your certificate along with 'Inspection Report' and 'Farm Products Estimated Yield & Inventory List' with approved quantity is enclosed. Please, examine it carefully to be sure that all information is listed correctly.

Best Regards

Manish Khandelwal

Subject:- Organic Certificate NOP

Dear Sir,

Congratulations! You have been Granted NOP certification as per attached Certificate & annexure. I am giving below the following requirements, as a condition for continued certification, this included reminders that are important for you to keep in mind for next inspection.

Issue type	Issue	Respond By
Requirement	1. Before transaction of any organic material, please ask us for transaction certificate, along with transaction certificate request.	Must apply before 30days from the date of transport
Requirement	2. Submit the annual update and Product reconciliation (Rabi/Kharif/Zaid) yearly along with OSP of coming Rabi, Kharif & Zaid season.	Before 90 days from the date of renewal.
Requirement	3. Update actual yield of product on Tracenet after harvesting of crops of each season (Kharif, Rabi & Zaid).	Within 60 days of Harvesting
Important Note	- Renewal of certification process must start 90 days before the expiry of Certificate. In case organic certificate will not renewed after 30 days of expiry date, otherwise, project will go into IC-1 status. - Please keep visiting APEDA website & Tracenet for regular update. - Please inform us in case there is any change in facility. - If you are having multiple certification (like NPOP, NOP, EU, JAS, COR, BioSuisse etc.) and you have surrendered your NPOP certificates then your other certificates will also be considered invalid unless you have taken written consent from OneCert for continuation of other certificates.	

If you have any question about the above requirements, contact us immediately for clarification. Failure to respond within the times indicated could jeopardize the continuation of your Certification.

Your certificate along with 'Inspection Report' and 'Farm Products Estimated Yield & Inventory List' with approved quantity is enclosed. Please, examine it carefully to be sure that all information is listed correctly.

Best Regards

Manish Khandelwal
